# Perfect Lawn

No watering. No mowing.  
No more weekends spent  
working on the yard. Our  
low maintenance Earth friendly  
artificial grass can help  
eliminate the cost of lawn  
maintenance as well as  
reduce your monthly utility bills.  
You may even qualify to get  
money back from your local  
water authority.

# Urban Living

Grass in non-traditional spaces such as your roof, decl or patio are great examples of how Spectrum grass can transform once unused areas into functional outdoor living spaces. Our products allow grass in places once thought not possible and last longer than wood or complete decking.

## Safe for Kids

Safety fast. Safety built in. Best of all, no more grass stains. Under swings and at the foot of slides are two great examples of high-traffic areas difficult to maintain and keep safe. We've developed consistent, low-abrasive play surfaces allowing for safe use of ANY type of playground equipment.
