MOST POPULAR CATEGORIES OF ATHLETIC TRACKS

FULL PUR SYSTEM (FULL EPDM)

Premium competition-grade system

- Highest performance
- Maximum durability
- Superior elasticity
- Ideal for international stadiums

FULL PUR SYSTEM (EPDM + SBR)

High-performance professional system

- EPDM wear layer
- SBR base for cushioning
- Excellent energy return
- ideal for training and competition

SANDWICH SYSTEM

Most popular athletics track system

- PU base with EPDM broadcast finish
- Excellent balance of performance and value
- Durable and weather resistant
- Suitable for schools and sports complexes

SPRAY COAT SYSTEM

Economical performance solution

- PU base with spray-coated finish
- Durable and low maintenance
- Cost-effective for training facilities
- Ideal for schools and community stadiums

10

INSTALLATION PROCESS

1. SITE ASSESSMENT

Understanding project requirements and evaluating site conditions.

2. SURFACE PREPARATION

Ensuring a level, clean, and durable base

3. MATERIAL PLANNING

Layout planning and precise measurements.

4. PROFESSIONAL INSTALLATION

Executed by trained installation specialists.

5. QUALITY INSPECTION

Comprehensive checks for finish, safety, and performance.

6. PROJECT HANDOVER

Ready-to-use flooring with after-sales support.

WHY CHOOSE BODYLINE:

PREMIUM QUALITY PRODUCTS

We use top-grade, tested and certified materials for superior performance and long life.

CUSTOMIZED SOLUTIONS

Tailored flooring solutions to match your space, application & budget.

EXPERT INSTALLATION TEAM

Trained professionals with rich experience ensure precise installation and flawless finish.

END-TO-END SUPPORT

From consultation to installation and after-sales, we are with you at every step.

PAN INDIA PRESENCE

Strong service network across India for swift execution and support.

ON TIME DELIVERY

Streamlined process and reliable logistics to ensure on-time project completion.
