INDOOR GAMES

COMPLETE INDOOR RECREATION SOLUTIONS

WHY INDOOR GAMES?

MORE THAN A GAME. IT'S AN EXPERIENCE.

Whether it is a clubhouse, hotel recreation room, school activity area, corporate lounge or a retail entertainment zone, the right combination of indoor games can create a space that encourages people to **stay longer, interact more and come back often.**

ACTIVATE UNUSED SPACE

Turn spare rooms and recreation areas into functional destinations.

INCREASE AMENITIES

Add meaningful experiences to residential, hospitality and commercial projects.

GROW SOCIAL INTERACTION

Create spaces where families, friends, colleagues and communities come together.

SUIT ALL AGE GROUPS

Combine competitive, recreational and casual games for wider appeal.

LOW-FOOTPRINT FUN

Create engaging recreation zones without requiring a large outdoor area.

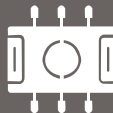

ONE SPACE. MANY WAYS TO PLAY.

POOL

TABLE TENNIS

FOOSBALL

AIR HOCKEY

DARTS

CARROM

CHESS

BUILD YOUR GAME ZONE

DESIGN THE EXPERIENCE. NOT JUST THE ROOM.

Different spaces need different combinations. Bodyline helps you select games based on **available area, target users, usage levels and the character of the project.**

SPACE-FIRST PLANNING

Small Space – 2–3 carefully selected games

Medium Space – 4–6 complementary games

Large Space – Multiple dedicated zones

Final selection should be based on actual room dimensions, circulation and equipment clearances.

FROM A ROOM TO A RECREATION DESTINATION.

A successful indoor games room is not simply a collection of equipment. It is a combination of:

- **THE RIGHT GAMES** - Choose games according to your audience and expected usage
- **THE RIGHT MIX** - Balance large-format games with compact games to maximise variety.
- **THE RIGHT LAYOUT** - Allow comfortable movement, playing space and circulation around every game.
- **THE RIGHT LOOK** - Coordinate equipment, flooring, walls, lighting and furniture for a cohesive environment.
- **THE RIGHT EXPERIENCE** - Create a space that feels inviting enough to use repeatedly.

THE BODYLINE APPROACH

WE HELP YOU THINK BEYOND INDIVIDUAL PRODUCTS AND TOWARDS THE OVERALL RECREATION REQUIREMENT OF THE SPACE.
