

BIG SLID WHEEL JF-1201 VECTOR-X

SPECIFICATIONS :

- This Ab Wheel comes with ultra wide wheel and gives you perfect width that puts just the right amount of extension and contraction to your abs
- This Ab Wheel is made of non-slip rubber and carbon steel spring
- During exercise you have to push it forward and kinetic engine inside will bring itself back because the negative force puts unnecessary pressure on your back
- Comfortable EVA foam padding ensure safety and comfort

ULTRA-WIDE WHEEL
FOR STABILIZED MOVEMENT
