PICKLEBALL LEAD TAPE

SPECIFICATIONS :

- Set of 6 unit
- Weight Adjustment: The 3-gram lead tape allows players to fine-tune their paddle's weight, adding more power or stability to their shots.
- Balance Modification: By placing the tape in different positions (top, sides, or bottom), you can adjust the paddles balance, either making it more head heavy for extra power or more balanced for better control.
- Easy Application: The adhesive backing makes it easy to apply and remove without damaging the paddle.
- Durable Material: The tape is durable and long-lasting, designed to withstand the rigors of intense play.
- Precision Tuning: Ideal for players who want to experiment with their paddles feel and performance, giving them a personalized playing experience.
